

## Toys of the Better Kind

We are showing in our windows this week a pre-holiday line of Toys for the boys and girls. Each and every one of these toys is a gift of the substantial kind. We have enough of these Toys to create a "TOY SHOP" in our stock of furniture. In fact, a visit to our Toy Department during the holiday season will be worth your while.

A complete line of the following Toys: Doll Carriages, Doll Beds and Cribs, Rockers and Chairs in both Reed and Wood, Table and Chair Sets, Blackboards, Kiddie Horse, Cuto Cars, Shoo-Flies, Duckydoo for the very tiny folks. Uajustit Cars, the ideal cars for the youngsters, adjustable to three sizes; for the little "tot" of two years or for the youngster up to seven years old. "Nuf ced"—it's a real car.

## TALK OF THE TOWN

Mario Guidoli left yesterday for Boston for a few days' stay.

Have you heard the Morrison brothers? If not, come to the Clan fair—ad For Sale—Heaters and cook stoves; lowest prices. Abram Fine, 46 Maple avenue.

Trucking Done—Anyone wanting light or heavy trucking done, call the Granite City Bottling Works—adv  
Largest line of new and second-hand ranges and heaters in Barre at lowest prices. E. A. Prindle, Worthen block.

Gordon Webster of the University of Vermont visited the week end with Harold Wilson of the Homer Pitts Co. store.

A. Lamorey left on the midnight train last night for Boston, to spend three or four days in that vicinity on business.

John and William Forbes and Durwood Imiah, all of Barre, left yesterday for Springfield, where they have secured employment.

Regular meeting of Ruth chapter, No. 33, O. E. S., Wednesday evening, Nov. 12, at 7:30 o'clock. Supper at 6 o'clock. Program after the meeting, it being charter members' night.

James Furey of Beckley hill and Alben Bond of Foster street left yesterday afternoon for Detroit, Mich., where they intend to secure employment in the machine shops.

W. T. Rees, manager of the Homer Pitts Dry Goods store, will be absent during the next few days, having started on a purchasing trip this morning to Boston and Providence, R. I.

George Revier, until recently an engineer on the quarries in Westbury, Conn., left this morning for that city.

A ladies' night social and dance will be given by Granite lodge, No. 35, F. and A. M., Friday, Nov. 14, at 8 p. m. Refreshments will be served. All Masons in good standing and ladies are invited. Admission, 50c.—adv.

Mrs. Christina Fowle and friend, Miss Blanche Mattie, have for several days been the guests of Mrs. Rose parents, Mr. and Mrs. Harper Mitchell of 95 Summer street, but this morning the two young ladies returned to Springfield, Mass., where they are employed.

The electric car service was impaired a little yesterday when the car from Montpelier at 12 o'clock noon jumped the track at the bridge near the junction of Berlin street and Barre street in Montpelier, near the gas plant. The car was held up for nearly an hour and it was several hours before the service was adjusted. No damage was done to the car, as it was nearly ready to stop at the crossing of the Central Vermont railroad near that place when it left the track.

Master Leslie Scott, the 12-year-old son of Mr. and Mrs. James Scott of Maple avenue, was given a party in honor of the anniversary of his birthday last evening, with about 25 young folks being entertained. The evening was spent in playing games and enjoying the entertainment given by a number of the little ones. Miss Eva Watkins played the piano. Miss Violet Milne sang, and Miss Marie Piro, who lighted the young merry-makers with her dancing. Light refreshments of ice cream, cake and wafers were served. Master Leslie was presented miscellaneous memory gifts. The party broke up at 10 o'clock after a few hours of merry-making.

Despite the elements, the work on the Peerless factory continues to roll towards completion, and to the daily observer the advancement is rapid. The main cement foundation wall of the main factory, which was completed last week, was the starting point for the brick masons yesterday and just as soon as the casting of other walls has been completed, which will be very soon, the brick masonry work will be started in other directions. The main factory brick walls will ascend to a height of approximately 40 feet. A number of brick masons have been secured, and as soon as conditions permit, these men will be assigned to their work. At the present time several more carloads of brick are en route to Barre. The 45 or more workmen employed at the factory are, most of them, busily engaged in casting the cement foundation for the dye house and boiler rooms, though some are installing the sewer connections from the main building to the river, this drainage to communicate from the roofs of the buildings to the stream so that the roof waters may be disposed of. Then, too, they are making connections for the sprinkler system, since the specifications for this were received by Superintendent A. B. Lane yesterday. The connections from the city water mains will be made next Sunday, necessitating the shut down for a time of the supply pipes in that section.

**LIQUID FORM**  
Externally—For Neuralgia, Sore Throat, Pain in Temples, Stiff Joints, Rheumatism, Lumbago, Much stronger and cleaner than Mustard Plasters.  
The Liquid Form Taken Internally—One-half teaspoon in a glass of water or in a glass of beer, three or four times a day. Cures indigestion, gives instant relief.  
All Druggists, 25 cents and 70 cents

Nov. 10 or 11; price,  
\$4.50 at car, \$4.75 delivered.  
Mason & Ross

## TALK OF THE TOWN

Congregationalists, pick up rummage for the sale next Saturday afternoon—adv.

John Oitolini left yesterday afternoon for Newark, N. J., where he will stop a few days before going to Florida for the winter.

Amelia Calderara of Center street left yesterday for Bridgeport, Conn., where he has employment for the winter months.

All kinds of string instruments repaired. Violin bows repaired. Landi Violin Repair Shop, room 12, Aldrich block, Barre.—adv.

Special for three days, one and one-half pounds of white or two pounds of brown sugar given with a dollar's worth of groceries. Monser Deep, 102 Seminary street.

"What beautiful hair that Miss Barnes has! And so thick and lustrous now. She says it's all due to Parisian Sage, the hair restorer. E. A. Drown & Co. sells on guarantee—adv.

Harold Middleton of Cabot, who has been visiting for the past few days at the home of his sister, Miss Mabel Middleton of Elm street, left yesterday morning for Clinton, Mass., where he has employment.

Spaulding high school celebrated armistice day with a special musical program this morning, as follows: March, high school orchestra; "La Marseillaise," chorus; "Keep the Home Fires Burning," double male quartet and chorus; solo, "When the Boys Come Home," Clement McMahon; "Pack Up Your Troubles," "There's a Long, Long Trail," double male quartet and chorus; round, "Saving Food," glee club; solos, "In Flanders Fields," "When Pershing's Men Go Marching Into Picardy," Frederick Inglis; "The Star Spangled Banner," chorus. The double quartet was composed of the following members of the school, George Rivers, Louis O'Leary, Wilfred Eisenwinter, Clement McMahon, Floyd Mitchell, Carroll Tucker, Ralph Daffine, Harold Blackmore and Lloyd Eisenwinter. The entertainment was very much enjoyed, the entire school being present. The high school is so large that the main floor of the auditorium is not spacious enough to accommodate them, so the overflow goes into the gallery.

KEELER CONCERT TO-NIGHT.  
Young Coloratura Soprano's Program and Miss Crabbe's Dances.  
The following is the program for the concert to be given at the Barre opera house this evening, under the auspices of the Barre Woman's club by Miss Marion Keeler, Vermont's brilliant young coloratura soprano, with Miss Marjory Crabbe, interpretative dancer:

A. S. Winchester was in Barre yesterday and called on his uncle, Asa Harrington.

All kinds of string instruments repaired. Violin bows re-haired. Landi Violin Repair Shop, room 12, Aldrich block, Barre.—adv.

WEBSTERVILLE  
Julio Gamuzo returned last week from Springfield, Mass., where he has been employed for the past year.

Miss Marie Piche returned to her home in Montreal yesterday, after visiting her uncle, Joseph Rock, for two weeks.

The Baptist ladies' aid society will meet with Mrs. A. R. Edwards Wednesday at 2 p. m.

Dora Rivard, Rupert Gillander and Louis Gingras went to Windsor to-day to seek employment.

Miss Grace McDonald of Orange visited in town over the week end.

## HEADACHES LEFT

## HER WHEN BLOOD BECAME ENRICHED

Connecticut Resident Testifies to the Benefit She Received from Dr. Williams' Pink Pills.

There are many kinds of headache from different causes. If your headache is accompanied by a feeling of weakness, stomach trouble, exhaustion after slight effort, nervousness and dizziness and fainting spells, it is evident that your blood is thin and that you are in need of the tonic which proved so beneficial to Mrs. E. A. Webber of No. 4 Durham avenue, Middletown, Conn. She says:

"I was generally tired and had no ambition, my blood was thin and I was badly run down. My strength seemed to leave me and at times I thought my heart was affected. I had headaches and lost flesh.  
"I had often heard of Dr. Williams' Pink Pills but had never tried them until some friends of mine in Maine, who had been benefited by the pills, recommended them to me. After the first box I began to feel like myself again and gained rapidly in strength. I took another box and the benefit continued. I think Dr. Williams' Pink Pills are a fine blood builder and am glad to recommend them."

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., on receipt of price, 60 cents per box. Write for the free booklet, "Building Up the Blood."—Adv.

## HELPS IN GRANITE SHIPMENT.

More of Standard Type of Freight Cars Can Be Used in Bringing Stock.

A discovery of inestimable value was made in the past two weeks by a group of mechanical experts, summoned here at the suggestion of Superintendent James Smith of the Barre & Chelsea railroad. C. H. Larimer, inspector of the Westinghouse Brake company of Pittsburgh, Pa., a representative of the New York Air Brake Co., W. O. Wood of the Boston & Maine, G. H. Kidder, assistant superintendent of the Barre & Chelsea railroad, John Whalen, master mechanic of the same railway, and Superintendent James Smith, after discussing and suggesting for several days, finally came to a conclusion and solved the problem which they set out to do, that of utilizing more ordinary freight cars, each day, for the foreign shipment of granite.

The proverb, "necessity is the mother of invention," was never better illustrated than right here in Barre. In the last few years the exportation of Barre granite to foreign cities and towns, that is, towns outside of the Barre granite district, has gradually increased, naturally causing a greater demand for freight cars to carry the requirements of shipping. This increase of shipments, of course, came gradually; but when the war-time car shortage put in its appearance the vast granite exportation became a conspicuous factor in the eyes of the railroad men.

To make this bit of news more explicit, mention of the Barre & Chelsea freight cars must be mentioned. These flat cars, made especially for the steep incline and the heavy loads of granite coming from the hill, are equipped with extraordinary and specially constructed brakes. A six engine car, with the aid of these Barre & Chelsea cars, bring a great many carloads of granite to Barre in a day. But the problem has been to transport granite from the hill to Barre on the ordinary freight car so that it might be sent to the foreign dealers and manufacturers. In making up the trains in the morning one foreign car to six Barre & Chelsea cars would be used; in a train of eleven Barre & Chelsea cars, two freight cars could be used; with 15, three could be used, and with 17, four could be used.

As before stated, the brakes on these foreign cars are very inadequate for the transportation of granite down the steep incline and should more than the specified percentage be used on a train, it would be impossible to hold the train from descending at an unsafe rate of speed for it must be remembered that the Barre & Chelsea roadbed leading to Graniteville is the steepest natural railway in the world, and the carloads of granite, without specially equipped brakes, gain a terrific momentum. That has been the problem with the foreign cars; the brakes would not hold sufficiently so only a few could be used each day, even though hundreds might be standing in the yards.

The investigators finally concluded that by taking eight Barre & Chelsea cars up the hill to every seven foreign cars, the latter cars could be loaded to 80,000 pounds capacity and be returned to the city safely if the Barre & Chelsea cars were not loaded and used for brake strength only. This conclusion has been experimented on all-ways in two weeks, with this method, 161 foreign cars were shipped out of Barre. Under the old system this number would not have been shipped out in three months. So it is very evident that the problem in question has been largely solved. Yesterday's outgoing shipment alone amounted to 24 cars.

## Baptist Chicken-Pie Supper.
